

Space Request Form

Space requests are defined as a division or department requesting additional or swapping of spaces not currently occupied by the division or department.

Procedure: Complete the following information, attach a diagram or map with existing department/division locations identified (that are adjacent to the requested space), and send to your respective vice president (or president, if a Direct Report Unit). Refer to the Space Request Process (https://www.lcsc.edu/administrative-services/space-request-process).
