

Monday Message

July 15, 2024

Dear all,

As you have likely noticed and read a bit about in our last message, despite the heat, the campus grounds restoration project continues to move forward. To recap, last spring we worked to weed, feed, and seed areas that we hoped could make a comeback under the care of our Physical Plant grounds crew. And, as is evident, we've been successful in a number of areas. That said, there remains significant portions of our grounds that require more extensive work. To that end, Landscapes by Design has been contracted and will hydroseed areas across campus. To date, we have about 90,000 square feet of grounds being hydroseeded, with another 275,000 square feet remaining to be prepped and seeded.

We have prioritized restoration areas based on fall student access and use, and anticipate the process will extend into the fall. The water restriction crisis of spring/summer 2023 was devastating to our campus. Not only did grass suffer, but we lost a number of trees (not an inconsequential outcome for a designated Tree Campus USA and Arboretum). And, to be realistic, it may well be fall 2025 before we have campus fully restored. Please be patient and adhere to keep off the grass signs as you encounter them.

P.S. Special thanks to our Physical Plant grounds crew for not only their work ethic but pride and care being demonstrated as we undertake this monumental effort.

Cynthia Pemberton, Ed.D.
President

Announcements

- **Athletic Director Search:** Three candidates for the position of athletic director at Lewis-Clark State College will visit campus and hold public forums in July. More information and a form to provide feedback about the candidates is available at www.lcsc.edu/position-search. The public

forums will be held in Sacajawea Hall, Room 115, and the candidates will speak on the topic of “the role of athletics in contributing to the college’s enrollment goals.”

- July 11, 3 p.m. – Ronnie Palmer
- July 15, 3:30 p.m. – Corey Bray
- July 22, 3 p.m. – Dave Gantt

- **Purchasing/Fiscal Updates:**

- **FY24 Year-end Close:** On July 18, Colleague and WarriorWeb will be inaccessible from 8 a.m. to approximately 11 a.m. for year-end financial closing procedures. You will be notified once the system is available. Also, during this time the payment link will be down.
- **FY2025 Budgets:** Here is what to expect regarding FY25 budgets.
 - July – FY2025 Gen Ed (Fund 10) and CTE (Fund 12) ongoing base budgets will be loaded in Colleague
 - August – Gen Ed (Fund 10) outstanding encumbrances from FY2024 will be loaded in Colleague for FY2025
 - August – 1x RRF funded requests will be loaded in Colleague for FY2025
 - August/September – Gen Ed (Fund 10) carryforward/deficit balances will be loaded in Colleague for FY2025
- **Fund 65000:** Effective immediately, anyone using Fund 65000 for their timecards should go back to using Fund 10000. For questions, contact Jane Johnson at x2204.
- **Other updates:**
 - Colleague, Jaggaer, and PCards are open for fiscal year 2025 for fiscal transactions and purchasing.
 - When viewing WarriorWeb for fiscal year 2024, please make sure you adjust the year on the reporting tools as it is now defaulting to FY 2025.

- **Single Sign-On Update:** IT is pleased to announce the upcoming transition to the new [WarriorHub](#) Single Sign-On (SSO) on July 15. Please note that WarriorWeb will be unavailable on this date as new accounts are recreated. However, all other systems will remain accessible. For a preview of the new system, please watch [this video](#). Thank you for your cooperation and understanding as we make this important transition to enhance our systems.

Timeline of Upcoming Events:

- **July 15:** WarriorWeb will be down for the transition to the new WarriorHub SSO system. Faculty and staff whose WarriorWeb accounts do not match their @lcsc.edu email addresses will receive new WarriorWeb usernames to align with their @lcsc.edu accounts.
- **July 16:** Students will use their WarriorMail accounts to log in to the new WarriorHub portal to access WarriorWeb, Canvas, and other systems listed on the [SSO page](#). Direct login to each system will also be available using WarriorMail accounts.

Key Changes After the Transition:

- Students will no longer be able to use their old accounts to access any systems listed on the [SSO page](#).

- Students will be required to enroll in Multi-Factor Authentication (MFA) and set a recovery account during their first login.
 - Official email communications will be sent to the “@students.lcstate.edu” domain, replacing the old “@lcmail.lcsc.edu” domain.
 - LC State employees will need to update their personal address books and distribution lists to reflect students' new email addresses.
 - Faculty and staff will use their @lcsc.edu accounts to log into WarriorWeb, Canvas, and other systems listed on the SSO page.
-
- **Website Update:** As previously announced, LC State is in the process of replatforming its website from Umbraco 7 to version 12. This major project is nearing completion and the final stage entails replicating all of LC State’s current website on the new platform. This will require a “**content freeze**” from July 8 to approximately July 25, perhaps earlier. Details regarding this have been shared with web editors across campus. It will still be possible to make edits during July 8-25, however, such edits should be documented as they will likely need to be remade once the website is fully launched on the new platform. For any questions please speak to your web editor or email hadenton@lcsc.edu.
